Online Petition for Raising Awareness for DV and Mandatory Reporting for ALL Forms of Abuse I'm writing this as a start to start raising awareness for DV and Mandatory Reporting for ALL forms of abuse. Anyone who knows me, knows that I am speaking out against DV and the Domestic Violence Part of the problem in my opinion is that most people don't do Mandatory Reporting for DV. I have been the victim of DV multiple times. I've been married to my two ex's. One of those ex's ended up filing for and being granted in our divorce the DV part of our divorce. The other is still an active partner in my life. I have been someone who has had issues with alcohol and mental health. I was recently in an abusive relationship with a man. I'm now in a healthy relationship with another man who did not abuse me and I am happy. My relationship with my ex-s is documented by my GED, my psychological report, my psych hospital record and even my hospital records. There are professional documents on what happened. My ex's knew that I was in a relationship with someone and they were fine with it. I kept it all to myself. It was my ex's belief that because I am mental he could do whatever he wanted and because there was nothing in writing that this was illegal. All of my ex's acts were consistent with being a DV offender. I had been abused by them before. I think that because there is nothing written in law which mandates DV reporting, so many people don't do it. This has to change. I saw several Police Officers who did not come to my aid while my ex had me in his car and was hitting me. None of the officers came to my aid. None of the Police Officers I saw did anything to stop it or even said anything to my ex or to help me. My ex was not arrested and I was thrown back into the same abusive situation and I again was assaulted. My current partner does
