What's New in the?

DOSPRN is a freeware utility used to print text files on DOS-based PCs. It's very simple and intuitive to use. It will print all files selected from the active directory tree, regardless of the applications or operating system of origin. After the print job is finished, the interface can be used to print one or more additional copies of the same files. It is a very basic utility but there is a limit to its usability and very little configuration can be done. DOSPRN Version History: DOSPRN 1.2.5 - 27 December 2012 - added option to choose between printing through COM port or /dev/lp /dev/ttylp, for compatibility with NT-based Windows print server. - added option to choose between printing first page first line and first page last line. - improved the control panel interface - bugfixes DOSPRN 1.2.3 - 27 December 2012 - the previous version got into the Mac App Store, thank you very much for the feedback and kind words! - bugfixes. DOSPRN 1.2.2 - 14 January 2013 - in case the printer is not on, it will now try to automatically detect it. DOSPRN 1.2.1 - 12 March 2013 - added option to select the target printer. - improved the printing preview. - bugfixes. DOSPRN 1.2.0 - 28 March 2013 - added new option, 'Print all files as a group' - improved the printing preview. - improved the interface. DOSPRN 1.1.9 - 29 August 2013 - bugfixes. DOSPRN 1.1.8 - 24 September 2013 - bugfixes. DOSPRN 1.1.7 - 8 October 2013 - bugfixes. DOSPRN 1.1.6 - 17 October 2013 - fixed a bug that caused blank lines to be printed instead of a page break. DOSPRN 1.1.5 - 19 October 2013 - fixed a bug with file name line breaks being printed incorrectly. DOSPRN 1.1.4 - 23 October 2013 - fixed a bug that caused the program to not print blank lines when used with printer queue. DOSPRN 1.1.3 - 23 October 2013 - fixed a bug with some non-English characters being displayed with question mark symbols. DOSPRN 1.1.2 - 20 December 2013 - fixed a bug that caused a wrong input entry for printing queue, all the possible entries were now correctly allowed. - improved the interface. DOSPRN 1.1.1 - 14 January 2014 - bugfixes. DOSPRN 1.1.0 - 22 January 2014 - the program was transferred to a new web site. - bugfixes. DOSPR
